2. Pairs and groups arranged in a single frame are very popular, but difficult to include on a price list, so these prices should be taken as a guide per person. Please ask.
3. If you wish to use an existing antique frame for your card mounted silhouette or portrait please send the aperture measurements (the visible area in the middle) so it can be sized to fit.
4. Unframed card mounted silhouettes & portraits can be taken from photos and sent anywhere in the world.
